Set off on a journey into the African jungle with majestic wildlife and glittering jewels, ruled by mighty mountain gorillas. This 5-reel title with three jackpots and a feed of upcoming bonuses enables and encourages tactical play.

Jewel board bonuses

A bonus symbol feed on top of the board shows bonuses you could win in the next couple of spins, including cash values, jackpot prizes and free games. It encourages tactical play and gives players more agency and power.

Free games

Land at least one free games jewel above the top row to **trigger 8 to a whopping 135 free games**. In this phase, at least one wild symbol is guaranteed to land in every free game and the frequency of jackpot jewel symbols is significantly increased.

Enter the magical world of Irish mythology and chase the rascally leprechaun who will guide you to his hidden pot of gold. Start amassing your fortunes thanks to lucky horseshoes and four-leaf clovers you will find at this exclusive party to which you're lucky to be invited!

Replicating Reels™

A full stack of identical high-paying leprechaun symbols on the first reel replicates it two to five times. This can lead to up to five fully stacked reels and full-screen wins.

Single and double pots of gold

Six or more pot of gold scatters trigger six respins. There are double pot of gold scatters that count as two toward the six or more trigger symbol count.

Multi-grid collect & respin

As the respins feature is triggered, the 5x3 base game grid splits into four 5x3 grids, each for one of the four jackpots. When sticky scatters fill up one of the grids, they pay out the corresponding jackpot. Multi-grid symbols carry instant values, extra spins and multipliers.

CRAZY JOKERS

A joker in the deck among slots and a delightful homage to classic slot gaming with popular evergreen symbols and fun contemporary mechanics. Anyway the game goes, you will be thoroughly entertained by this hilarious slapstick comedian.

Hold & respin

Three joker symbols start the feature with three resettable respins on an expanded 5x3 grid. Sticky symbols carry random **instant wins and four different jackpots**. A full grid of sticky joker symbols awards you with the lavish grand jackpot.

Instant repays

The joker randomly hits the reels with his slapstick to instantly respin to the previous position and **repeat the winning combination** two to five times.

Wilds and double wilds

Apart from normal wilds, there are also double wilds. They **double the win amount** they help create and double the amount of fun, too.

If you're tired of watching the reels spin over and over again and you want a different kind of challenge, try Mighty Marlin, an arcade fishing game where you can kick your feet up and relax while angling for magnificent trophy prizes.

Simple gameplay

Select the bet level from six different options: the higher the level, the better the rewards. Then press the hook button to cast the fishing rod and watch the animation to see what you've caught. Use the autoplay option to lean back and enjoy the action.

Bulk buy

Benefit from the bulk buy option with increasing discount rates: the more casts you buy, the more you save.

Prize variety

There are 16 different prizes to win and 6 different fish, among them the grand and majestic golden marlin worth 2000x the bet.

In this unique 5x5 cascading slot game, a mysterious fortune teller helps you become the master of your fate. Massively multiply your fortunes to the power of the magical number seven in this thrilling slot title and change your destiny for the better.

Match seven & win multipliers

Form wins by landing seven matching symbols anywhere on the grid, symbols don't need to be adjacent. Each consecutive win awards you a random stackable multiplier of up to 20x.

Fates bonus prize

Win an instant 77x bet cash prize whenever you chain seven consecutive cascades in the same game round.

Random symbol add

You may randomly win four to seven matching symbols in the base game and seven matching symbols in free spins.

Retriggerable free spins

Vortex scatters start ten free spins. Land seven consecutive cascades to win a mega multiplier of 77x on top of your already accumulated ones - and expect additional random mega multipliers as well.

The delivery of this presentation, at any time, will not imply that the information contained herein is correct, and, except as may be required by applicable law, Bragg is under no obligation to update any of the information contained herein (including forward looking statements and forward looking information) or to inform the recipient of any matters of which it becomes aware that may affect any matter referred to in this presentation (including, but not limited to, any error or omission which may become apparent after this presentation has been prepared).

This presentation may contain “forward-looking statements” (also known as “forward-looking information” within the meaning of applicable Canadian securities laws). Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based on our current beliefs, expectations, assumptions and analyses made by us regarding the future of our business, future plans and strategies, our operational results and other future conditions. Although we base the forward-looking statements contained in this presentation on assumptions that we believe are reasonable, these forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause actual performance and financial results in future periods to differ materially from those anticipated in our forward-looking statements. Forward-looking statements do not take into account the effect that transactions or non-recurring or other special items announced or occurring after the statements are made have on our business. For example, they do not include the effect of asset impairments or other charges announced or occurring after the forward-looking statements are made. The financial impact of such transactions and non-recurring and other special items can be complex and necessarily depends on the facts particular to each of them.

This presentation may also contain or reference certain market, industry and peer group data which is based upon information from independent industry publications, market research, analyst reports and surveys and other publicly available sources. Although we believe these sources to be generally reliable, such information is subject to interpretation and cannot be verified with complete certainty due to limits on the availability and reliability of raw data, the voluntary nature of the data gathering process and other inherent limitations and uncertainties. We have not independently verified any of the data from third party sources that may be referred to in this presentation and accordingly, the accuracy and completeness of such data is not guaranteed.
