Terms & Conditions

The tournament in Tikaani Gold by Atomic Slot Lab will be held on Thursday, May 30 (12:30-17:00 CET).

Mechanic: Sum of Wins (Blitz tournament format)

How much can you win within 50 rounds?

Participants can participate in the tournament and win prizes by playing the qualifying game **Tikaani Gold**. Players need to make at least one bet within the qualifying game to qualify for the tournament and have their score recorded on the leaderboard.

Each participant gets 50 spins to score as many leaderboard points as they can. Each win scored during the promotion will be added to the player's overall score on the leaderboard. Players with the highest results (i.e. the biggest win amounts collected) will win the main prizes.

The 11 best players who score the highest results on the leaderboard will take home the following prizes:

- 1x **JBL speaker** (1st place on the leaderboard)
- 10x **Hammock** (2nd – 11th place on the leaderboard)

All players participating in the tournament will additionally have the chance of winning the **Flash Jackpot** feature which will be running simultaneously with the tournament.

Each bet made in **Tikaani Gold** during the tournament will have a chance of triggering the Flash Jackpot. The jackpot prize will drop only once during the promotion.

The lucky **Flash Jackpot** winner will take home:

- 1x **Cooler Bag** filled with tasty treats.
